1. In the science projects, which topic impressed you the most? *

experiment

2. From your answer to the first question, explain the reason why it impressed you the most. *

I had never seen the laboratory instruments used the experiment. Taiwanese student taught me how to use it. It was a good experience.

3. Our tour to Cheng Chin Lake, what did you like the most? *

The aquarium

Firefly park

Rice ball making

Dinner at firefly park

4. Tell us the reason why you like this part the most. *

I had new Taiwanese friends. We talked about a lot of things. I had a good time.

5. Do you like to make eco-house with your partner? Why? *

Yes, I do. Because I want to protect their habitats.

6. Does this exchange program meet your expectation? Why? *

Yes, it does. Because I want to have international exchange.

7. how is your communication with your international partners? Do you have lots of chances? Do you enjoy the time with your partners? *

I had a good time with my international partner. Sometimes, I can't understand what she is talking about, but She spoke more clearly.

Yes, I had lots of chances.

Yes, I enjoyed the time with my partners. I was sad when I had to say them that 'Good bye.'

8. What activity do you like the most on the second day? *

University experiment

Art center show

Chi Jin island excursion

Taste of street food

9. Tell us why you like this activity on the second day the most? *

This activity was last activity with Taiwanese students.

10. Please write down what you want to know or say more during this exchange. *

I thought I need to learn English.

11. Describe this exchange experience in one sentence. *

I hope to see Taiwanese students again!
